Mrs. Harriet Floyd Wins Beautiful Bedroom Suite

Tremendous Crowd at Event Here Saturday; \$25 in Cash Given

Mrs. Harriet Floyd, widow, Murray Route 2, about four miles northeast of the city, drew the beautiful genuine walnut bedroom suite which was given away here Saturday afternoon by The Ledger & Times. A tremendous crowd attended the event, which was held on the northeast corner of the court square. Eight other subscribers to the paper split \$25 in cash, which was given in addition to the splendid response to the campaign. Mrs. Floyd held number 1070.

A representative from each part of the county was nominated by members of the throng to supervise the drawing. Those nominated and came up on the platform to superintend the proceedings were Esq. W. E. Clark, Murray Route 5; Esq. G. M. Potts, Kirksey; W. E. Gilbert, Murray Route 2; and Esq. W. A. Patterson, New Concord.

Esq. Lee Clark, Lynn Grove, was asked to pick out a little girl to do the drawing and select Miss Virginia Marine, daughter of Mr. and Mrs. Clay Marine, Kirksey.

After the bed room suite was won by Mrs. Floyd, the holders of the next two tickets drawn were given a \$5 cash apiece. They were H. C. Vinson, Murray Route 3, with ticket number 1706 and Julius Carraway, Murray, with number 1697. The next six tickets drawn won a \$2.50 check for each of their owners. They were M. M. Lovier, Murray Route 4, with 1203; Mrs. Florence Harrison, Murray Route 3 with 392; Mrs. O. B. Butcher, Route 1, Murray, with 895; Donald Dulaney, Murray, with 1348 and Curtis Brandon, Hazel Route 3 with 790. The holder of ticket No. 1780, which was \$2.50 in cash, did not answer and the holder of that ticket will be selected to The Ledger & Times office or she will be presented with that \$2.50 check.

The entire drawing was carried off as advertised. The box of tickets was broken open by the judges in full view of the crowd and all the postboards therein were put into the screen cage where they were thoroughly mixed and stirred by Squire Patterson.

Mr. Clark was picked at random to choose someone to do the drawing and spied Little Miss Marine and chose her.

The little lady was asked to remove her coat and roll up her sleeves and to hold up her bare arms so all could see that she had no ticket secreted anywhere. She was then blindfolded and from the roof of the truck furnished by Maurice Crass picked the numbers in full view of the crowd. Anyone who desired to do so was given an opportunity to object to any person who had anything to do with the drawing without giving any reason, merely holding up his or her hand.

The suite, which was purchased from the Crass Furniture Co. and which was on display there for the past several weeks, was viewed by hundreds of persons in the meantime. It is constructed of genuine walnut and was of the very latest and most modern design.

There were, of course, not near so many new subscribers to The Ledger & Times during the time the event ran as there were renewals. The reason is obvious. A great percentage of families in the county were already taking the paper. About three-fourths of those who became new subscribers had been reading a neighbor's or friend's paper. However, we have had a net gain of 160 in the county since January 1. Saturday morning alone, we had 157 renewals and new subscribers compared to 112 on the Saturday morning before giving away the living room suite last year.

A complete list of the circulation of The Ledger & Times, showing the number of copies going to each town and on each rural route in the county, as well as elsewhere, is published in this edition. Editorializing in the news columns is reputed to be a bad journalistic practice but The Ledger & Times tries to be an old-fashioned newspaper operated in a modern manner. And we would be the biggest ingrate alive did we not right here and now thank from the bottom of our hearts our host of loyal subscribers and friends who not only made this little circulation campaign an overwhelming success but also support The Ledger & Times throughout the year by their advertising and printing business and enable it to

Masons Hosts at New Lodge Rooms

The members of Murray Masonic Lodge opened their newly decorated lodge rooms to their wives and friends Tuesday evening and entertained with a dinner party. The unique rooms, located on the north side of the square, were made beautiful with flowers and plants furnished by Mrs. A. O. Woods.

A well planned menu was served buffet style to 100 guests. Master of the lodge, W. E. Clark, presided over a cleverly arranged program which ranged from after dinner speeches to contests and stunts.

Dr. John W. Carr entertained the group with readings from his original poetry.

Farmer Has Big Fire Loss

Fire Tuesday afternoon, originating in an old crib on the farm of A. C. Underwood, a prosperous farmer living three miles south of Hazel on the Paris highway, spread to other buildings destroying two cribs of corn, quite a quantity of hay and a vacant tenant house. Loss was estimated at about \$1,000. The family was not at home being in Murray on the account of the serious condition of Master Jim Pat Hendricks who is in the Mason Hospital there for a heavy operation.

EXPECT INCREASE FOR SUMMER TERM

Officials Believe More Students Will Enter June 8 for 10 Weeks.

An increase in enrollment is expected for the summer semester at Murray State College which will open June 8, and which will continue 10 weeks until August 15, 1936.

Those students who do graduate work between now and September 1936, will have the same accepted for credit and residence towards their Master's degrees. These credits will be honored at the university.

At the beginning of this semester two new courses were introduced to the Murray College students. These two courses were geology and history. The first course in geology will be offered for credit in the summer semester. They are: 117, Physical Geology; and 6229 Historical Geology.

One-hundred and sixty courses will be offered this summer. There will be: 3 courses in agriculture, 5 courses in art, 6 courses in biology, 10 courses in commerce, 21 courses in education, 21 courses in English, 10 courses in foreign languages, 9 courses in geography, 19 courses in health and physical education, 11 courses in home economics, 7 courses in mathematics, 17 courses in music, 13 courses in physical sciences, and 8 courses in social sciences.

The fees will remain the same this summer, \$10, but after September 1, 1936, they will be changed to \$25 by ruling of state department of education.

Training School Gives First Play

On Thursday evening, April 23, the junior class of Murray Training School will present the first play given by the Training School. The play entitled "So We'll Just Pretend", by Priscilla Wayne and Wayne Sprague is a comedy drama in 3 acts.

The play gives a full evening of splendid entertainment. It begins at 8 p. m. and will be given in the College chapel.

The play is under the direction of Miss Katherine Bondurant, who is employed by the Universal Producing Co., and Miss Margaret Campbell, junior class sponsor. Everyone invited to be present.

WELLS PURDOM IS YOUNG DEMO HEAD

Billington, Tarry, Freeman, Vice-Presidents; Heath Secretary and Kennedy Treasurer.

Wells Purdom was made president of the Young Men's Democratic Club at a meeting held Friday night. Purdom was named by acclamation after Waylon Rayburn withdrew his nomination.

The three vice-presidents in order are: Guy Billington, Mac Thomas Tarry, and Wayne Freeman. Harry E. Heath was named secretary and Jack Kennedy, treasurer. Fats Everetts was named sergeant-at-arms.

Retiring officers are: M. O. Wraether, president; O. W. Billington, Claude Miller and Jack Kelly, vice-presidents; Wells Overbey, secretary-treasurer.

M. O. Wraether spoke briefly on the purpose of the club and aims for the coming year stressing the fact that the club should work for a record registration in August. Under the new election laws all voters must be registered and the move to secure registration is being made by the Y.M.D.C.

John T. R. Jones, county chairman, spoke expressing his appreciation for the work of the Young Men's Democratic Club in years past and solicited the continued support of the body. A motion was carried that resolutions be entered on the minutes of the club expressing the appreciation for the work and counsel given by Judge Jones in the past.

The meeting was adjourned subject to the call of the new president Wells Purdom.

Havens To Preach On Religions

What has the religion of Japan to do with the conquest of China and the defiance of Russia? What nation worships a god that is garbed in ashes and skulls and wildly dances on the mountain tops? How does the religion of Kagawa differ from that of Mahatma Gandhi? These are some of the questions which will be met by Rev. A. V. Havens, minister of the First Christian Church, in his sermon, Sunday morning, entitled, "Christianity and Non-Christianity."

The special anthem, offertory, and choral responses will be presented by the trained chorus choir under the direction of Prof. Price Doyle. The Sunday School will meet at 9:30, with W. B. Moser as superintendent.

The High School and Junior Christian Endeavor Societies will hold their meetings at 6:15, Sunday evening.

The Sunday night church service, never more than one hour long, will begin at 7:15 with a "Big Sing" of familiar gospel hymns. The Young People's Choir, an added attraction to the Sunday night services will be directed by Miss Juliet Holton.

The second in a special series of Mid-Week Meetings will be held Wednesday night at 7:15. W. B. Moser will be the leader of the meeting. Miss Linda Sue McGeehe will present the special music. C. H. Moore, Mrs. Harry Arnold and Mrs. W. H. Bailey will be Boosters. Handsakers will be R. M. Pollard, Giles Buchanan and Robert Graham.

Mrs. C. F. Dale To Be Interred Here

The remains of Mrs. C. F. Dale will be returned here for interment Sunday following a short service. Mrs. Dale died at the home in Los Angeles December 30, 1935. Mr. Dale will accompany the remains.

Community improvement projects were discussed by 400 Franklin county farm men and women at a series of meetings.

ONE SENTENCED; 11 INDICTMENTS IN APRIL COURT

Civil Cases Opened; Cooper, Negro, Given 2 Years for Malicious Cutting

MORE INDICTMENTS EXPECTED THIS WEEK

One penitentiary sentence has been given and eleven indictments have been returned to comprise the main work of three days of the April term of Calloway county circuit court.

Johnny Cooper, Negro, was given two years in the penitentiary Tuesday on a charge of malicious cutting. Lottye McCuiston, Negro, was found not guilty on a charge of grand larceny. The case of Charlie Anderson, charged with flourishing a deadly weapon, was compromised Wednesday morning. The court was dismissed until Thursday morning at noon Wednesday.

In his instruction to the grand jury, Judge Ira D. Smith stressed the obligation of the jurors to investigate petty larceny and crime in its move to make the community a desirable one. He stressed the necessity of prosecuting persons accepting stolen property to control stealing. He also urged an investigation of roadhouses and public nuisances.

Eleven indictments were returned Wednesday morning. They are: Coy Fulcher, rape; Ed Kendall, jailbreaking; Tom Coleman, Marlin Burken, Willie Goosby and Thurman Knight, jailbreaking; Coy Fulcher, jailbreaking; Wagon Gosling, Willis Wilson and Cordis Wilson, chicken stealing; Thurman Knight, chicken stealing; A. B. Dunn and Ralph Allison, driving a motor vehicle without the owner's consent, two charges. Other indictments were not listed that were not in jail.

A busy session is expected with the returning of more indictments and hearing of a large number of new and brought-over criminal cases. The equity docket has 112 cases.

J. M. B. HURT, 70, RITES MONDAY

Prominent Farmer of Penny Section Succumbs to Tuberculosis; Many Relatives.

Funeral services for J. M. B. Hurt, 70 years of age, were held Monday afternoon from the home near Penny. Elder L. H. Pogue was in charge of the services and burial was in the Antioch cemetery in Graves county.

Mr. Hurt was one of the most prominent farmers of the Penny section and leaves many relatives and a large number of friends. He had been in bad health for about ten years and death was attributed to tuberculosis. He was a member of the Church of Christ.

Surviving are his widow Mrs. Lura Hurt, seven children, five sisters and two brothers. John and Lewis Hurt are the brothers.

Edwin J. Paxton Takes Control of The Sun-Democrat

PADUCAH, Ky., April 13.—Elliott C. Mitchell, vice-president and general manager of Paducah Newspapers, Inc., publishers of The Sun-Democrat, because of ill health has asked release from his duties, and late Saturday resigned his executive connection with the publication.

Edwin J. Paxton, publisher of the Paducah Evening Sun for 28 years, who merged that paper with The News-Democrat in April, 1929, and later sold his interests and retired from active business, was named a director of the corporation Saturday. He was elected active vice-president and placed in complete control of the institution.

Mr. Mitchell will be associated with The Sun-Democrat as contributing editor. There will be no other changes in the personnel of the newspaper.

Mr. Paxton, a winter resident of Coral Gables, Fla., will remain in Paducah a few days before returning to Florida. He will come back to Paducah permanently next month.

W. P. Paxton, brother of Edwin J. Paxton, continues as president of Paducah Newspapers.

More than 200 acres of land were terraced in Logan county last month despite heavy rains.

Douglas Sheridan, 73, Dies Wednesday

Douglas Sheridan, 73, a farmer living 5 miles west of Hazel on the Kentucky-Tennessee line, died Wednesday morning, April 8. He is survived by his widow, three sons, Olen, Jesse and Arlin of the Edge Hill community; two daughters, Mrs. Celia Jenkins and Mrs. Georgia Cochran, of near Cottage Grove and one son, Hurdle Sheridan, died some five years ago. Burial was in the Lassiter graveyard Friday.

TOM WILLIAMS IS SUICIDE SATURDAY

Body Found 3 Hours After Fatal Shot; Despondent Over Health and Finances.

Tom Williams, 57 years of age, committed suicide about 10 o'clock Saturday morning in a vacant room in the upstairs of the Peoples Savings Bank. His body was discovered by H. B. Arnold about 12:30 o'clock.

Mr. Williams had borrowed a 38 calibre pistol from Shorty Arnold about 10 o'clock telling him that he wanted to show it to John Roberson and Shorty thought nothing of the incident. The gun belonged to another party who left it with Mr. Arnold. The shot was heard by Miss Ethel Fondow and Miss Eula Gardner, stenographers only a few feet from the room but nothing was thought of it.

Williams entered the room and let the door ajar and placed his hat on the radiator. The shot entered the temple breaking his glasses.

The incident was brought about by worry over bad health and financial troubles. He had been worried for several days for money to meet small obligations friends stated.

He was one of Murray's most competent painters and paper hangers and formerly worked in drugstores here.

He had expressed his hope of leaving Hazel and later for Dale and Stubblefield's and more recently turned to painting. He received a painful and costly injury while working on the building of the Christian Church several years ago receiving a head injury when falling from a scaffold.

He was a member of the First Christian church and had served it in several capacities both as Sunday School teacher and Sunday School superintendent.

Mr. Williams was a thorough and competent worker in his recently adopted trades. As clerk, he was equally efficient in his friendly and accommodating treatment of customers.

Surviving are his widow, two sons, Tom Moore and Robert Mills. He leaves a brother, Ewell Williams and a sister, Mrs. Ola Newman.

Funeral services were held from the First Christian church at 3 o'clock Sunday before a large crowd. The Rev. A. V. Havens was in charge of the services and burial was in the Murray cemetery.

Funeralbearers were: active, V. H. Clark, George Hart, Karl Frazer, H. B. Bailey, Vernon Stubblefield and Tom B. Hollan; honorary, Frank Pool, Vernon Hale, H. B. Arnold, H. P. Wear, C. H. Redden and F. H. Graham.

Murray's M. A. Class

Above are pictured 13 of the 20 students who at various times for the last two semesters have been enrolled in the first Master of Arts graduate class at Murray State College. All of the persons in the picture are taking graduate work at the college now.

Eighteen of the 20 enrollees in the graduate class received their B.S. or A.B. degrees from Murray State College. Henceforth, through a new ruling of the State Department of Education effective September 1, 1936, Murray will no longer confer Master's Degrees, but students in graduate work may continue at the State University at Lexington. All work completed in the other colleges prior to that date will be accepted at its face value at the University of Kentucky.

The names of the persons in the above picture, left to right, are: Front row: Mrs. Koska Jones, Miss Mildred Beale, Mrs. Reba Miller, Mrs. Mabelle Morris, Miss Modest Clark, and Mrs. Frances McLean; Back row, left to right: Fred Hinkle, W. B. Moser, Tillman Taylor, Aubrey Heddon, Edward Curd, Vernon Smith, and Buron Jeffrey.

Other students who are not included in the picture, but who have taken graduate work are the following: Miss Mozelle Rhodes, Virgil Stewart, Mrs. Dew Drop Brumley Rowlett, Oury Lassiter, Homer Lassiter, and Mrs. Elliot. Mrs. Earl Connette, who obtained her degree from Indiana State Teachers College, and Fred Hinkle, who received his degree from Bowling Green Business University, are the other members of the class.

Spelling Champ Leaves For the State Contest

Miss Ruby Lee Pinkley, Hazel, Calloway county's spelling champion, left Wednesday for Louisville to compete in the state best today under the auspices of the Louisville Courier-Journal.

Miss Pinkley was chaperoned by Miss Alma Chrisman, a graduate of Hazel High School and Murray State College. They were accompanied by Joe F. Lowett, editor of The Ledger & Times, which sponsored the Calloway county bee in co-operation with Supt. M. O. Wraether and the schools of Calloway county.

Miss Pinkley defeated a number of contestants from other schools of the county here on February 1. Richard Mills, who represented Calloway county last year, won \$5 in cash at the state meet. The winner at Louisville will receive \$100 in cash and a free trip to Washington to compete in the national spelling bee.

Drennon Article Is Published

An article by Dr. Herbert Drennon, perhaps the greatest living authority on James Thomson, 17th century poet, appeared in the February, 1936, issue of the "English Studies", a German philological magazine, edited by Johannes Hoops, professor of English philology at the University of Heidelberg. The essay, a critical analysis of some 6,000 words with frequent references, and entitled "Newtonianism in James Thomson's Poetry", advanced the view that "Thomson fundamentally was a scientific-rationalist of the school of Newton, and the views of that school profoundly influenced him in the shaping of his own philosophy of life."

Young Demos Organize at M.S.C.

Robert A. Everett, senior of Murray State College, was elected president of The Young Democrats Club which was organized at chapel hour April 14. The following other officers were elected: First vice president, Wayne Freeman, Symsonia; second vice president, Luther Goheen, Birmingham; third vice president, Hawthorne Walls, Barlow; secretary, Frances Hanson, LaCenter; treasurer, Ann Herron, Hazel; sergeant-at-arms, Wesley Kemper, Mayfield; publicity agent, Macon Dismukes, Paducah; faculty sponsors, W. M. Caudill and Prof. F. C. Pogue.

RICHMOND WILL REPRESENT LTVA IN WASHINGTON

Murray College President to Seek Appropriation to Inaugurate Dam

GROUP RAISES FUNDS TO PROSECUTE FIGHT

Dr. J. H. Richmond, ex-superintendent of public instruction in Kentucky, will represent the Lower Tennessee Valley Association in Washington, D. C., in the interest of securing a specific appropriation to start the Lower Tennessee Valley dam this year.

This action was authorized in a meeting with a LTVA committee in Dr. Richmond's office here Monday. Members of the executive committee of the LTVA present Monday were: W. S. Swann, chairman, Mayfield; Leitch Lackey, Paducah; J. A. Olive, Mayfield; Luther Draffen, Calvert City; and L. J. Horton, secretary, Murray.

After securing the approval of the Murray College Regents, Dr. Richmond, who is now president of Murray State College, will leave for Washington immediately after the KEA convention at Louisville. He indicated he might find it necessary during his stay in Washington to return to Kentucky to conduct necessary business relative to the affairs of the college.

President Richmond was campaign manager in Kentucky for Roosevelt four years ago and has since served on important national committees. As superintendent of public instruction in Kentucky, he was chiefly responsible for the state school code which has been described by competent critics as the outstanding codification of educational principles in the United States.

LTVA officials hope that President Roosevelt's endorsement may be secured for the lower valley dam as a construction project to be started this year. The TVA has designated the site for the dam at Gilbertsville and plans to use \$500,000 for explorations, drilling, etc., this year. Proponents of the dam in this area are anxious, however, to secure funds from others.

Surviving are her husband T. A. Thomas, three daughters, Miss Duple Thomas, Mrs. Lura B. Cathey, Mrs. Evie Parker, and two sons Prentice Thomas and Starline Thomas. She also leaves a sister, Eschell Lancaster and Johnnie Lancaster.

Clean Up Week Being Observed

Clean-up week is being observed throughout Murray, a drive along any street will indicate. Piles of cans, tubs, wire, ashes and other litter are seen at practically every home on streets that the city wagons have not visited.

The community is to be commended on the prompt response to the officials request for clean up week. The move will add much to health conditions as well as the beauty of the city.

Report Farm Fires Do Much Damage

Reports of an unusual number of farm fires throughout the county indicate that a considerable damage is being done to farm wood lots. Numerous cooperators have made requests to the ECW office for replanting their new forests which were set out by the camp and which have been burned over and destroyed by fire. We feel that if the general public realized the extent of the damage done more care would be exercised in its prevention.

Eroded areas which have been treated require all organic matter available to prevent erosion and help conserve moisture for the trees which have been planted thereon. When these areas are burned over not only is the organic matter destroyed but in many cases the trees are killed outright. This practically nullifies the erosion control work done on the farm. Cooperators are requested to use the utmost precaution in protecting these areas.

Fires are especially destructive to forests in that the trees are not only damaged by being burned but they are robbed of the humus and plant food needed for their growth. A deep layer of leaves and leaf mould in a forest is necessary to prevent runoff of rain water and store up moisture for use of trees in dry weather. Without this protection trees suffer severely in dry weather. This retards their growth, makes them more susceptible to disease and in many cases the trees are killed.

Barren county farmers are shipping eggs to top market prices to several hatcheries from 60,000 B.W.D. tested hens.

248 Members Only 3 Short of 251 All-Time High of 1931.

Murray Post No. 73 of The American Legion is only three members short of the all-time high mark of 251 attained in 1931. Four new veterans added during the past week bring the total to 248. They are C. W. Kerby, Bryan Overcast, Andrew J. Colson, and W. V. Hale.

Post officers are confident that the 1936 membership of the local post will reach 260 before the end of the drive. The enrollment of members has been steady since the membership drive was inaugurated last October.

The number of eligible veterans in Calloway county is estimated at 325 and Murray's membership makes the post one of the outstanding in the nation in the percentage of eligible ex-service men affiliated with the American Legion.

Last year Murray won the Rash Class A trophy for membership increase. Its quota for this year was 215.

The first district, of which Geo. S. Hart, Murray, is commander, is steadily climbing toward the top in the state.

A tobacco barn belonging to The Mayor was destroyed by fire Saturday afternoon. A large quantity of hay and some farming implements were destroyed. The loss was estimated at \$800 partially covered by insurance. The fire was caused when a bolt of lightning struck the building.

It's HOME TIME Again

Home Owners Urged to Clean Up Premises

City Give Free Removal Service Today, Friday, if Placed Conveniently

Murray home and property owners are urged to follow the decree of city officials in the City Clean-up week set for April 14-15. City officials and health authorities are very anxious that each property owner do their part in cleaning up and beautifying their homes and property.

The clean up week is set both for the health interest of Murray and for the beauty and appearance of the city. Health conditions in Murray are not the best according to Dr. J. A. Outland who states that dysentery and typhoid fever were present last year and they are born primarily filth. In malaria rating the county has the highest in the state excepting the lower counties along the Mississippi River. Filth left around a home is dangerous to and a matter of interest to the whole community. The common carrier of disease germs, the house fly, breeds in filth and carries what germs it can collect wherever it goes.

The city council has made arrangements for the removal of trash and litter from the homes of Murray during clean up week. Home owners are expected to pile such on the street. All undesirable litter including old rags, cans, jars, buckets, and most all useless items should be included with the ashes and other litter. Do not remove the ashes and feel like you have cleaned up your premises.

Dr. Outland, county health officer is urging that every home be completely and well screened as the best means of controlling

the disease spreading work of the house fly. Under the very best of sanitary conditions the fly will breed and spread disease while the well screened home can practically be free of this danger. Quality screens will also keep out the mosquito and the subsequent likelihood of malaria.

Clean-up, paint-up, repair, rebuild and brighten up the homes, vacant lots and all property in Murray is the program of the city clean-up campaign.

Buchanan High To Present Play

The junior class of Buchanan High School presents "Sis Perkins", Saturday night, April 18. The cast of characters includes: Mrs. Elizabeth Chanler, Ozella Hopkins.

Marcia Chanler, Modelle Freeland, Baldwin Chanler, John Willie Milton, Carter, Curtis Gillespie, Lidia La Salle, Earline Lax, Count Gaston De Long, Ozelle Milton.

Jay Schuyler, Robert Owens, Sue (Sis) Perkins, Beth Lashlee, Elvira Sniffins, Lucille Gamlin, Violet Aster, Dathal Morgan. The play abounds in laughable situations and lively dialogue, and fairly sparkles with humor.

A small admission will be charged.

Control of The House Fly Urged

The control of the house fly is the first move in sanitation and the betterment of health conditions. The fly carries practically every disease and is the worst menace to health.

Absolute cleanliness is the first essential to control. Disposal of fly breeding elements including manure, garbage, rubbish, human excrement. Temporary means of control include proper screening of homes, dairies, privy, the use of fly poisons, traps and sticky paper. Too many lines of attack cannot be set up against the house fly. Sanitary toilets can be built at a very small sum and health authorities can give much worthwhile information concerning the building of the best type.

In the control of the fly, an early start is always urged with the first coming of spring.

House flies can bear a 1,000,000 germs according to a recent examination of some 400 common house flies, made by two scientists on behalf of the American Institute of Sanitation. Some flies bore the astounding total of 6,000,000 bacteria! The average of the 400 was well over the million mark.

Only certified seed potatoes could be sold in Knox county this year, it is reported by merchants.

Dale & Stubblefield

A Tribute

Mrs. N. Ella Adair passed to her rest and reward on March 20, 1936, at the age of 62 years. She was born in Henry County, Tenn., and was the daughter of Columbus and Melinda Roberts.

She was married to John Adair of Graves County in 1901, and took up their residence with the Adair family and have continued to live at the old home place these 35 years.

She was a member of the Latter Day Saint church at Oakland and was a faithful and loyal Christian.

Mrs. Adair had been in failing health for several years. Her death was attributed to dropsy and stomach trouble. Everything that medical skill and human hands could do were done for her. She was especially devoted to her home, family, and neighbors and in return received the most loving care and service in her last

sufferings, which she bore bravely. She expressed a great desire to live if it could be the Lord's will if not she was prepared to go.

Her memory and rare intellect impressed all who knew her. She was always the most courteous Christian lady and received her friends with the greatest hospitality.

These beautiful traits of character that were exemplified in her life will remain a sweet benediction.

Mrs. Adair not having been blessed with children of her own opened her heart and home to two orphans. The first was Miss Jessie Mangrum who preceded her to the grave several years ago. The second was Miss Ada Davidson, who has been given most excellent rearing and training and was recently adopted by Mr. and Mrs. Adair. She will remain in the home to comfort and console the

grieved husband and father. Mrs. Adair is also survived by two sisters, Mrs. Anna Bramble Willoughby, and Mrs. Alma McClain, Independence, Mo.

Hazel High To Present Play

"My Mother-in-law", a matrimonial mix-up in three acts will be presented by Hazel High School Saturday night, April 18. The characters follow:

Peggy Armstrong, Dortha Miller, Art Armstrong, Bradford Armstrong, Mrs. Wilda Stover, Mary Frances White.

Shelia Stover, Virginia Miller, Alan Armstrong, Tom Turnbow, Beulah Hamtree, Mava Jewell Clayton.

Fred Webb, Begard Dunn, Bernard J. Ledbetter, Everard Hicks, Laura Bradley, Eva Stubblefield, Rose Caldwell, Maudie King.

INSULATION ALWAYS PAYS

Whether it be for summer heat repelling or for winter cold repelling, insulation is effective if properly installed. Mineral wool in batts, insulation in blanket form, or that which is poured in between the ceiling joist in a granular form, will all save the family from discomfort winter and summer if every crack and crevice is caulked, and storm shades are installed in the cold months.

Insulation is not a "style" now; it has been accepted as a part of good construction so should be investigated thoroughly before cutting it from the specification of a new house or leaving it out when modernizing the old one.

With \$900 raised for the 4-H Club Bluegrass district fair, arrangements are being made for more entries than in previous years.

Purveyor Items

After a week's absence will try and write a few lines. Mr. and Mrs. R. M. Vance of Hazel spent the week end with the latter's parents, Mr. and Mrs. Claud Morris.

Master Bennie Robinson of near Buchanan, spent a few days with his brother, Clifton Robinson and Mrs. Robinson.

Mr. and Mrs. Payton Nance of near Buchanan gave the young folks an egg hunt Sunday afternoon. A large crowd was present.

There was also an egg hunt at the home of Bunard Brown's near Salmon School.

Mr. and Mrs. Clifton Robinson spent the week end with the former's mother, Mrs. Nellie Robinson of near Buchanan.

Mr. and Mrs. Jim Provinces spent a few hours in Murray Monday and bought 200 little chicks.

Mrs. Ella Adams who has been with her brother, Andrew Asbron, is now spending a few weeks in Murray.

Master Herbert Osborn killed an owl last week that measured about

four feet from wing tip to wing tip.

Mrs. Luke Marrell who is on the sick list is improving slowly.

Mrs. Onie Bailey, Murray, visited Mrs. Fannie Pittman Sunday. Gardens of this section are very pretty and it won't be long until all will have green onions and mustard.

We haven't see any news letter from Steelyville in quite a while. Surely would like to see a letter in next week's paper from Steelyville and Hazel Route 3.

Music Student

Miss Louise Quattermoss, Salem, Ky., was chosen the outstanding senior girl student in music for this year by the music teachers of Murray State College. In announcing their decision on April 6, Prof. Price Doyle, head of the music department, stated that her name would be engraved on the honor plaque. Each year a boy and a girl are chosen as the outstanding musicians from the students who graduate with a major in music, and their names are engraved on the plaque.

Be Proud of that HOME

There's a Johns-Manville building board for every purpose. Re-finishing upstairs rooms into bedrooms, for kitchen, for bathroom, children's play room.

and it is INSULATING

Keeps out cold in winter and the heat conduction in summer

and it is DECORATIVE

The unpressed board can be cut into attractive designs and patterns—or the hard-finished board can be bought in attractive enameled colors.

For any building or remodeling needs we will be glad to go over your plans and aid you any way that we can.

ESTIMATES FURNISHED WITHOUT OBLIGATION

Change that drab, dark kitchen into a room you'll be proud of! Johns-Manville Flexboard, colorful, durable, will do that for you. Here's an inexpensive, tile-like material in lovely pastel shades of green, rose and buff that can be applied without muss or fuss. And it's fireproof... made of asbestos-cement.

You can finance this work on easy monthly terms with no down payment, under the Johns-Manville "1,000,000-to-Lend" Plan, at the low rates prescribed by the National Housing Act.

Paint-Up This Spring

It will add to the value of your property and preserve its value.

MR. FARMER:—

See us for your Spring needs in farm and garden tools, spring cleaning needs of all kinds.

Seeds, fertilizers, screening, fencing—in fact everything for the farm, garden and home.

This store prides itself in the number of satisfied customers that trade here year after year. The farmers' headquarters.

We have everything you'll need, for spring painting, cleaning and gardening.

HERE IS WHY

YOU SHOULD INSIST ON RED SPOT HOUSE PAINT. The only paint economy is to buy the best paint obtainable, for the difference between the best and a questionable grade of house paint is one of pennies, while repairs, made necessary by the use of "Cheap" paint, can easily cost hundreds of dollars.

Murray Needs Mosquito Control

Murray needs to give much thought and time to the control of the mosquito as the county has one of the largest number of malaria cases of any county excepting those along the Mississippi and Ohio rivers in the extreme Western part of the state.

For mosquito control:

1. Collect and destroy old tin cans, broken crockery, etc.
2. Cover rain barrels and cisterns with fine wire screen or tight tops.
3. Drain or fill swampy places.
4. Apply light oil every two weeks to cesspools, privy vaults and small bodies of water.
5. Stock garden pools, ponds, reservoirs and streams with fish.
6. Screen all doors and windows.
7. Burn pyrethrum in a room or spray with refined oil solutions of pyrethrum.
8. For malarial mosquitoes, and where it can be done without danger to stock or human beings, treat swamps with Paris Green, two level teaspoonful in 100 times as much dry dust to cover 1000 square feet of surface.
9. Apply ammonia, soft soap, or very hot water to ease pain of bites.
10. As a repellent, rub on arms and legs a mixture of oil of citronella, one ounce, with spirits of camphor, one ounce, and oil of cedar, one-half ounce.

CAMP MURRAY CHATTERS

By Earl Chambers

The Rev. Sam E. Martin, First Baptist Church, was with us again Tuesday evening, favoring us with another of his inspiring talks. We are glad to note the increase in attendance at our camp worship services and the interest men of the company are showing in local church affairs.

Camp Knight has been inaugurated by Company 1517. A period of Monday evenings has been set aside for short talks on Citizenship by Fred Phillips, local E.E.P. teacher, and Safety by Foreman W. E. Fowler, safety director of the camp.

Company 1517 is now up to the new strength recently authorized. Twenty men from Hopkinsville and eight from Paducah represent Camp Murray's quota of "recruits" from the past enrollment period.

The Cubs have started practice for the season. Coach Givens is reported to be favorably impressed with the way the veterans are snapping into it and with the showing made by the new material which has turned out for practice.

Hospital News

Patients admitted to the Mason Hospital the past week:

J. A. Patterson, Paris; John Y. Orr, Murray; Mrs. Fred Kibbler, Dresden, Tenn.; Ivan Falwell, Murray; James Pat. Hendricks, Hazel; Mrs. C. L. Doherty, Big Sandy, Tenn.; Mrs. Claud Brown, Murray.

Patients dismissed from the Mason Hospital the past week:

Mrs. Riley Crawford, Almo; Miss Belva Vaughn, Buchanan; Claud Brown, Murray; Mrs. Fred Kibbler, Dresden; Mrs. Marvin Cole, Cottage Grove; Starkey Futrell, Golden Pond; Everett Sanders, Paducah; Joseph Atherton, Paducah; Mrs. C. L. Doherty, Big Sandy; E. L. Wilson, Bruceton.

Walls and Floors Refinished Make Old House New

Much can be done to modernize an old house without making structural changes. Floors can be refinished or recovered; walls can be patched and painted or papered or, in places like bathrooms and kitchens, new wall coverings can be installed; heating and plumbing equipment can be replaced; new electric outlets can be installed; the exterior can be repainted or even recovered, and a new roof covering can be laid.

In addition, slight changes can be made in the architectural appearance; wide overhanging eaves can be cut back and trimmed or replaced by porches of simple design; chimney tops can be simplified; grading around the house can be raised to give the house a lower appearance, and proper planting can be done to make the house hug the ground.

Sophomores: Margaret Roberts, Halline Lassiter, Frances Sutter, Freshmen: Vernon Curd, Lee Alice Culver, Marjorie Jones, Covington Reeves

Eighth grade: Ewin Edwards, Alta Jeanne Coursey

Sixth grade: G. W. Woods

The school regrets very much the absence of Mr. Brown, who has for the past two weeks been away on account of the illness of his parents. We hope he will be able to fill his position by Monday following KEA. Mrs. Story has been taking his place.

The play which was given by the sophomores last Saturday night was a great success. Due to the unfavorable weather the crowd was not so large as was expected.

We are glad to have one of our sophomore girls, Reda Holland, back with us.

On account of the KEA at Louisville this week school was dismissed Tuesday.

Six Rules For Lawn Making

The following simplified method of making lawns is the result of years of study in the lawn making process of the home gardener. Six steps, each carefully exercised, lead to a beautiful, successful lawn.

1. Lawn making starts with the preparation of the soil. Spade to a depth of at least six inches and pulverize thoroughly.

2. Apply a complete plant food, such as Vigoro, at the rate of 4 pounds per 100 square feet. This assures an ample supply of all the elements plants must get from the soil available when they need them. Be sure to apply evenly.

3. Work Vigoro into the top few inches of soil with a rake. Wait one day before seeding.

4. Sow good grass seed at the rate of 5 to 5 pounds per 1,000 square feet. If you sow by hand, sow lengthwise and half crosswise.

5. Roll to insure seed and insure perfect contact between seed and soil. A tamper or wide board can be used on small areas when roller is not available. This step is essential and should not be omitted.

6. Water thoroughly, using a very fine spray. Continue to water daily until seed germination is complete—3 to 4 weeks—then watering as indicated under "Encouraging Deep Root Growth."

Card of Thanks

I take this means to thank all of our friends, neighbors for the many kindnesses and favors during the illness and death of my father Joe Farris. Accept my sincere thanks.—M. C. Farris.

Poultry objectives to increase profits, as set up by Warren county negro farmers, are as follows: more purebred flocks, through buying day old purchased chicks or incubating eggs from E.W.D. tested flocks; better housing and culling, control of parasites, better feeding, and record keeping.

CHURCH OF CHRIST

Splendid services last Lord's day and fine interest manifested. There was a noticeable increase in the Bible study attendance and the auditorium was well filled at the regular hour of worship. All seemed to be well pleased with the talk made by Vernon Smith and went away feeling that it was "good to be there."

Services for next Lord's day will be conducted as usual—Bible study 9:45 a. m. Classes suitable for all grades with competent teachers in charge. Scripture reading and talk by one of the members at 10:50 a. m., followed by communion and fellowship. The evening hour, 7:30-8:30, will be devoted to song.

Practice preparatory to the revival meeting the church has planned to begin, the Lord willing, the fourth Lord's day. H. Leo Boles of Nashville, Tenn., an outstanding writer and preacher of the Church of Christ, will do the preaching during this series of meetings and, his fitness for the work is unquestioned. A more extended announcement will be made next week concerning the meeting, but in the meantime making preparations to attend.

The church extends a cordial invitation to one and all to attend all services. "Come let's reason together."

Housing Hints

TIPS ON HOW AND WHAT TO IMPROVE

If you do any outside painting be sure you wait for a dry spell. Paint put on damp wood will not hold. It is worse than a waste of good material to paint on such a surface. Not only will a good deal of the paint peel but it is impossible to make a good job of it. The paint that has not peeled should be burned off, otherwise, the edges of the peeled places will show.

The watertightness of a brick wall depends on the type of brick used, the mixture of the mortar, and the workmanship. The work is by far the most important. Good bricks and good mortar will fail miserably unless skillfully used, but a careful and experienced bricklayer can do wonders with even inferior materials. Bricks that are slightly absorbent and a mortar that has the proper proportions of ingredients can be made into an excellent wall that will give reasonable watertightness.

The use of a fairly heavy asbestos paper between the subfloor and finish floor will give a considerable amount of fire resistance. A room lined with plaster on metal lath or other fire resistant material, with asbestos paper under the floor will hold a fire for many minutes without allowing it to spread to other parts of the building. An efficient fire department should be at the door in plenty of time to extinguish the fire before it gets out of the room in which it started.

An easy way of building an attractive garden path or a string of stepping stones is to make a form of lumber, 4 inches wide by 1-1/2 inches thick with rectangular cells in multiples of 6 inches. These blocks 6 by 6 by 12, 6 by 18, 12 by 12, 12 by 18, can be cast of concrete, and the top surface troweled smooth. These blocks are then placed in the lawn either as individual stepping stones or put together in a pattern with 2-inch spaces between. The surface of the stones should be slightly below the surface of the ground so that a lawn mower may pass over them without hitting. If variety of color is desired, a little lamp black can be added or different colored sands used in the individual blocks.

Both Mr. and Mrs. McCallion are popular among a wide circle of friends who are extending their congratulations to the happy couple.

They will make their home with the bride's parents near Penny.

Soph Day Monday.

The Murray State College Sophomores entertained with a dance Monday evening in the girls gymnasium in the Liberal Arts building. The setting was one of the prettiest in many and a lovely occasion was reported by all. The sophomores are proud of their record for sponsoring successful dances and their decorations are always superb. The entire ceiling of the large hall was draped in flowing crepe colors and beautifully lighted. Le Roy Offerman and his orchestra furnished the music. Miss Evelyn Linn and Prof. R. A. Johnston are sponsors.

COUNTY AGENT NOTES

Grow Finer Tobacco

Russell Hunt, tobacco specialist of the College of Agriculture, University of Kentucky, will be in Calloway county April 20, 21, 22 to assist the county agent in his tobacco work.

Mr. Hunt will give nine talks on Dark-Fired tobacco. The agent has arranged the following meetings for these tobacco talks:

Apr. 20, Monday, Lynn Grove school, 9:30 a. m.

Apr. 20, Monday, Backusburg school, 2 p. m.

Apr. 21, Tuesday, Kirksby school, 7 p. m.

Apr. 21, Tuesday, Blakey school, 9:30 a. m.

Apr. 21, Tuesday, Faxon school, 2 p. m.

Apr. 22, Wednesday, Concord school, 9:30 a. m.

Apr. 22, Wednesday, Smotherman school, 2 p. m.

Apr. 22, Wednesday, Hazel school, 7 p. m.

The above meetings are at community centers that have a definite program of work outlined for 1936. This is a part of their outlined program.

No Contract With New Soil Program

There is no contract in connection with the new soil conservation program, points out a statement from the University of Kentucky College of Agriculture. In other words, cooperation by farmers will be voluntary.

There are two forms for the farmer to fill out. One is the work sheet, to be used in establishing a base, and in which are listed the acres of the various crops on the farm. The other form is an application to be made later in the year for payment for compliance.

The first step that a farmer takes in qualifying to participate in the program is that of filling out the work sheet to establish a soil-depleting base. One base is established for tobacco, one for cotton and another base for all other crops.

The tobacco base is that established for 1936-39, under the program or in the case of a non-signer the acreage ordinarily grown, subject to such adjustments as the local committee may make. For other crops the base is the acreage grown, in 1935, adjusted by the local committee.

Under the new program a farmer may shift up to 30 per cent of his tobacco base acreage into soil-building crops and receive a payment of 5 cents a pound for his normal yield of burley and 2 1/2 cents for dark tobacco on the land shifted from tobacco production.

In the case of corn and small grains, sweet sorghum, soybeans harvested for hay and seed, potatoes and sweet potatoes and other soil-depleting crops, farmers will receive payments per acre according to the ratio of productivity as compared to an average of \$10 an acre for the whole country. A shift in these acreages may be made up to 15 per cent of the base.

The foregoing payments are known as soil-conserving or diversion payments. In addition, a farmer may obtain a payment for planting practices. The rate of this payment will be recommended by the State Committee, but the total soil-building payment for each farm cannot exceed \$100 for each acre of crop land on the farm used in 1936 for soil-building and soil-conserving purposes.

Farmers cooperating in the new program will not be required to shift 30 per cent of their tobacco base acreage of 15 per cent of the base of other crops to soil-conserving crops, but they must have a total acreage in soil-building and soil-conserving uses on their farms this year at least equal to 20 per cent of the soil-depleting base, or divert the necessary percentage to receive the maximum payments.

Another limitation is that no farmer will be paid for diverting acreage unless he produces a surplus above the farm needs of food and feed.

The county agent will explain this program each Saturday at 2 p. m. until further notice is given. Each producer should make out a work sheet and application for this new program. There is no obligation that must be lived up to, in 1938. One will be paid for what he does but if circumstances change during the year and he fails to qualify there is nothing binding to force him to comply. If on the other hand he thinks he can't comply for payment now something might happen to prevent an expected crop. Without the application being filed one could not draw payment. Therefore all producers should file applications and work sheets. To make this easier for the producer in making out the work sheet he should list all crop acreage, waste land, woods, lots and lanes etc. to total the same acreage as the farm acreage. He should have this when he makes out the work sheet.

Utopia Club to Meet

Calloway county Utopia club will meet Friday, April 24, at 8 p. m. This date has been changed because of the meetings of the tobacco specialist, that is to be at Murray on Tuesday night. Rural young people who are 19 years old are invited to join this group of fine young people at this meeting. This meeting will be in the basement of the Methodist church.

A NEW JUNIOR HALL OF FAME

The selection of a new Junior Hall of Fame is announced from the University of Kentucky College of Agriculture. It is composed of 10 farm boys and girls, winners of state championships in the various 4-H club projects. The club members and the projects in which they excelled are: James B. Thornton, Owen county, sheep; Louis Hartung, Jefferson county,

poultry; Minnie Ruth Pyle, Christian county, canning; Mickey Malone, Campbell county, foods; Charlotte Sanders, Garrard county, baby beef; Norma Arnold, Jefferson county, room improvement; Greta Moss, Kenton county, clothing; A. Percy Adair, Bourbon county, swimmer; Ralph Overfield, Henderson county, corn; and Alton Napier, Allen county tobacco.

mule production last year. This information also reveals that Calloway county ranked 4th in the State. This is a fine start. Keep it going. Calloway county Farm Bureau promises a Fair this fall. There will be a class for young mules.

Calloway County Farm Bureau Protests Tobacco Tax

Calloway county Farm Bureau joined the State Farm Bureau in its fight against the tobacco tax as proposed as a revenue measure for Kentucky. The Board of Directors met Saturday afternoon and voted unanimously to oppose such tax because it is indirect influence on tobacco prices. It was the belief of the board that heavier tax on tobacco would lower the price received by the farmer.

CLARKS RIVER NEWS

Most everyone is glad to see the sunshine once again after the rainy weather.

Mrs. Connie Newsome is on the sick list at this writing.

Mrs. Carlos Alexander is visiting her parents, Mr. and Mrs. Hollie Riley, this week.

There was a nice crowd at Mt. Olive Sunday to hear Bro. Arnett and every one enjoyed his sermon. He will be back the second Sunday in May.

Mr. and Mrs. Murphy Bean and son Galen arrived home from Detroit yesterday.

Friends and relatives are glad to see Mrs. Will Horrell able to visit among her neighbors.

Mrs. Hiram Riley is improving at this writing.

Mrs. Mary Marine is improving but little at this time.

The 12th annual poultry short course will be given at the College of Agriculture, Lexington, June 22-28. Prof. J. R. Smyth, formerly of Kentucky, now head of the poultry department at the University of Maine, will be one of the speakers.

Among soil conservation measures to be adopted by Boyle county farmers, is the reduction of corn acreage to 8,000 or 10,000 acres, which is felt to be adequate for livestock uses. In 1919, 22,000 acres were grown, and in 1935, 11,400.

Monday the girls' softball team from Kirksby gave us an unexpected call and went home with a victory to their honor. The game ended with a score of 4-5. For various reasons several of our players were not in the field but we hope to do better as the season advances.

SPOTLESS TOWN!

Men and women who live in spotless homes always especially appreciate the Brown—this small city of transient homes that really is a "spotless town." When you arrive, notice the cleanliness of everything—the lobbies, the restaurants, the bed rooms. More than ever, you'll then appreciate The Brown!

LOUISVILLE

World E. Miller, Manager

Sinking Spring

The weather is as good as could be asked for at this writing.

There was a large crowd at Sunday School and church at this place Sunday. Our pastor, the Rev. J. J. Gough, preached a wonderful sermon. There were 122 enrolled in Sunday School and a collection of \$19.36 was made.

We were glad to have with us Mrs. Wallis, Mrs. Gough's mother who is near 90 years of age and is as active as if she were only 70.

We were glad to learn that Mrs. Lily Orr is improving from a recent illness and hope she will soon be able to be back at church soon.

Also glad that Horace Parks is recovering from a nattack of pneumonia.

"Uncle George" Windsor spent Sunday in Paris visiting relatives and friends and also called on his brothers, John and Sid Windsor.

Mrs. S. V. Miller is on the sick list.

Mrs. Katie Paschall and her sister, Mrs. Betty Cook of Brown's Grove, spent Sunday with their brother Bennie Lamb and family of near Beach Grove.

Mrs. Jewel Wilkerson is slowly recovering from a severe attack of gall stone.

Miss Ina Nell Wilkerson visited her aunt, Mrs. C. A. Paschall of Jones' Mill Monday.

A wedding of much interest was that of Miss Luane Erwin and R. L. Cooper. Their many friends wish them much happiness.

I hope to be with the "writers" next week—"Curlew".

Coach Stewart Pleased With Football Squad At Murray

Declaring that the present spring practice is the best since the spring of 1933—the same year of the SIAA championship. Head Coach Roy Stewart today stated that he was well pleased with the way the players had performed in practice thus far. "For the first time in three years the blockers are mowing down the secondary," he stated. "And when a team does that, they are going places."

In referring to Edwin "Haw" Gunter, 215 pounder from Paducah, he said "Gunter has shown more improvement than any player, playing in a new position, that I have worked with in three years." It will be remembered that "Haw" was shifted from center to guard because of the graduation of a pair of senior guards and the small number of gridders-out for that position.

Elmer Cochran, another Paducahan and also a guard, came in for some praise from the coach, who stated "Elmer has improved 100 per cent over last season, and is one of the best guards out for football this year." Cochran, a sophomore, was among the first four players who were dismissed from practice because of their excellent standing. Land, Cook, and Wright, being the other three.

"We have some excellent backfield material on hand and should get somewhere in this department," he went on. Here it will be noted that many of the freshmen of last fall are showing up well. J. R. "Jughead" Mitchell; Clay; Claud McRaven; Clinton; John Jasper, Fulton; Hugh Finley; Hickman; and Bobbie Dick Nunn, Marion, are some of the frosh who are making their presence known in the backfield.

Three Owensboro boys, Jim Allison, an end; Bill Thompson, a back; and Dennis Horlander, a guard, are "looking good" in practice sessions, and will have a lot to say about the picking of a starting eleven next fall. Allison and Thompson, both sophomores and each a veteran of last fall, will be a big help to the Breds in the coming campaign. Horlander, a freshman, has been going like a house afire and will help in the line. Thompson, because of his speed, can be used at any position in the backfield.

Frank Jones, Mayfield, if looks mean anything—will be a starter at an end position next fall. Jones, strong, fast, and brainy, who along with Allison has been playing some "real" football, has also helped

FRESHMEN WILL PRESENT 4 PLAYS

Class to Sponsor Outstanding Performances in Varied Play Collection.

Dr. G. Tupper Hluka, sponsor of the freshman class, announced this week that the class will present its plays April 30.

Practice on the four 1-act plays has been under way for three weeks. The first play to be presented, "Object-Matrimony," is an uproarious comedy, with a variety of well-rounded parts. Letcher Melton and Jeanne Covington promise to give outstanding performances in this laugh-a-second provocer.

"Honor," the next to be presented, is probably the most dramatic of any of the plays the college has ever presented. It is a powerful drama of a woman's (LaVerne Call's) passion and her love for her son (James Hunt).

"Bound to Come," the third of the series, deals with a modern take-off on the faculty and student body of Murray College. In this comedy you will see numerous faculty and student body members impersonated in "top" style. Berna Driver, Marion, Ed Kellow, Harlan, Charlotte Jordan and Robby Nelle Myers, Lynn Grove, will give the teachers and students "their just desserts."

"A Japanese Tea Party," the last of the plays, is one of those colorful, tantalizing morsels, with good music, lovely girls, and excellent dancing. There will be a play within a play in this presentation, when "The Stolen Prince" is given in this delightful piece of entertainment.

RABBI RAUCH TO GIVE MSC ADDRESS

Dr. David Ausmus, Mayfield, to Give Baccalaureate Sermon.

Rabbi Joseph Rauch, Temple Adath Israel, Louisville, Ky., will deliver the commencement address in the Murray College auditorium on Tuesday, May 26, at 10 a. m.

Dr. David Ausmus, pastor of the First Presbyterian Church of Mayfield, Ky., will deliver the baccalaureate address on Sunday, May 24, at 3 p. m.

Final examinations for all students except seniors will begin Wednesday morning, May 27, 7:30 o'clock and continue until noon Friday, May 29.

Dr. J. H. Richmond, Murray president, will preside and will confer degrees on Murray's graduates. This will mark the first time degrees have ever been conferred at Murray by Dr. Richmond.

Tobacco Tax Killed by Vote

FRANKFORT, Ky., April 15.—Tobacco tax opponents assembled here by the hundreds from all over the state saw the House of Representatives reject Governor Chandler's tobacco sales tax bill today.

Spurred on by applause from a gallery packed with demonstrators carrying anti-tax banners, foes of the leaf levy prevailed on each of half a dozen roll-calls before dealing the Governor's \$1,500,000 revenue bill a vital blow by adopting an adverse committee report.

Administration leaders failed at every turn to delay the defeat that appeared inevitable at the start of the session. A motion for a recess after a committee of the whole hearing lost, 24 to 28, and a motion to adjourn until tomorrow lost, 26 to 26, before the minority report was adopted, 61 to 23, and adjournment until Saturday approved, 46 to 37.

Callaway Representative Ben Grogan voted for the minority report in the house to kill the tax on cigarettes and tobacco.

THE PUBLIC VOICE

Contributions to this Column Upon Topics of Interest Are Always Welcome. They Do Not Need to be Signed.

The Kentucky Children's Home Society, Lyndon, Ky., in its work of placing homeless children in foster homes, needs the help of the good people of this community.

Many lonely children under the care of the Society are anxiously waiting for homes. Many of them have passed through tragedies too dark to relate and are unspeakably lonely. It may be possible for them to have shelter and food, and splendid training in the institution but they need more than this. Their hearts cry out for a real place in a family circle where they may have a feeling of belonging to someone who cares.

Homes are needed especially for older boys and girls ranging in ages from 7 to 14 years. For boys of this age it is felt that a small town or a country home is much better than the environments of the larger cities. Many of the boys are looking for a home in a town where they can go to school and High School, where they can work in a store, or do chores and odd jobs to help take care of their minor expenses. Other boys need homes in the country where they can help with the farm work on Saturdays and during vacation.

But the main thing is to find a home with foster parents who will give them some real love and kindness but firm training.

George, 12, is especially anxious to find a home. He is one of a large family and all his brothers and sisters now have homes of their own. He wants a daddy and mother too. He has so much affection and loyalty to give them.

He is a good boy, honest and straightforward, with a good sense of humor. He is intelligent and shows traits of definite leadership ability.

Bertie Lee, 8, longs for someone to take her into loving arms and

help blot from her memory the tragedy of her life—help her to forget last Christmas day when her father, brother, sister and brother-in-law were drowned while attempting to cross the river in a boat, her mother having died a year ago.

Boys and girls can only grow up once, so think of these little ones in terms of those dear and near to you. Share your home with a child who has been left alone through no fault of his. "Some other time" may mean "Never" in the life of a homeless child.

Communicate with the Kentucky Children's Home Society, Lyndon, Ky., if you are interested in giving a boy or a girl a home. Visit the Home. Every day is visiting day.

WANTS HIGH WATER MARKS

People near the Tennessee river should make many high water marks on outer edges of the over-floor as well as low lands, so that when the dam elevations is established it will be easier to determine effect of the overflow by interested land owners.

LASSITER RE-ELECTED

HICKMAN, Ky., April 11—Clyde Lassiter, for the past two years superintendent of Fulton county schools, was re-elected for another term by the county board of education, and teachers were named in all but two white schools in the county.

Mr. Lassiter is the son of Mr. and Mrs. Albert Lassiter, Murray.

Paris-Hazel Highway Snarl Is Untangled

Snarls which threatened to throw the proposed Paris-Hazel highway into a maze have been worked out satisfactorily following a hundred per cent sign-off of residents in the Porter Court suburb, giving the county a 42-foot right-of-way through that section. The petition was presented to the county court Monday and was made a part of the record which will be used in securing additional land for the road along the proposed route through the northern part of the county to the lands of H. J. Paschall near Puryear.—Paris Post.

District P.T.A. News

The Brown Town, Louisville, is headquarters for the State P.T.A. meeting, April 20-22. The program has been built around the theme, "The Home Accepts Its Responsibility." The State officers will be present and conduct a profitable meeting. The National organization lends to us their first vice president, Mrs. J. K. Pettigill, and their National membership chairman, Miss Mary England. National representatives are always a great inspiration, coming with their broad realization and perspective of the work. Mrs. Pettigill was with us in the Lexington Convention in 1934, and is well loved in the State. Other speakers of ability are Dr. Henry N. Sherwood, Dr. Roscoe G. Stott, Dr. Ray O. Wyland, Mr. Frederick A. Wallis, and Dr. Chas. J. Turck.

Local units should make every effort to send to this year's State meeting the president and as many delegates as possible. The inspiration obtained in these contacts is clearly discernible in the program of the coming year. This is an expenditure that really pays dividends. Be sure your president and delegates have their credentials.

Funeral Services Held at Locust Grove; L. V. Henson in Charge.

Funeral services for Joe Farris, 74 years of age, were held Friday afternoon from the Locust Grove church. The Rev. L. V. Henson was in charge of the services and burial was in the church cemetery.

Mr. Farris died at his home on the Murray-Buchanan road Thursday night following an illness of ten days. Death was attributed to paralysis. He had been a resident of the same neighborhood for about 40 years and was well known and respected by many. He was a member of the Locust Grove Baptist church.

Surviving are a son Melvin Farris, a brother Bob Farris, Henry County, Tenn., and a sister, Mrs. Winnie Alexander, who made her home with him.

Kirksey Kinklets

Well, Easter has come and gone. It was fairly a nice day but, before that we had some awful cold, disagreeable weather. On the Sunday night before Easter at about 9 o'clock, we had a hard rain and all at once a terrible roaring and inside of one minute the hail began to fall in large chunks, as big as a hen egg and it pelted the house tops for two or three minutes or more and the result was that the house tops were almost ruined with holes. Where the hail hit the roof it left a streak some one-half inch in width.

The road north of Kirksey is in bad shape and almost impassable in some places and the culverts are giving away. Wonder if someone won't look after this soon?

Larry Ned met old friend Eagle in Murray last Saturday and shook hands with him and a pleasant chat for a few minutes.

Plenty of fish wagons were in town Saturday and selling nice fish for 10 cents per pound.

Mr. and Mrs. Claud Manning are all smiles now, it's a brand new plow boy at this home.

Mrs. Edna Swift gave a quilting last week, inviting her neighbors in to help her and they quilted all day and almost completed, two quilts. Those present were Mrs. Alma Beach, Mrs. Jennie Marine, Mrs. Onie Boyd and Honias Boyd, Mrs. Theo. Fulton and several others. A nice dinner was served at the noon hour by the host.

Mrs. Dennie Alexander is improving nicely since she came back from the hospital Sunday week.

Mrs. Glenn Harris of Bell City is visiting her father and mother in Kirksey.

Udell Watson is better at the present. He had a bad case of tonsillitis the past week.

The Rev. Mr. Davis filled his regular appointment at Coldwater Sunday.

Stinson Has Unique Card For Thursday

Promoter Gayle Stinson has a unique and interesting card for tonight at the Murray Athletic Arena with three events all different. A wrestling match, a Negro battle royal with gloves and an acrobatic event.

In the wrestling event Stinson has Dr. Smith, who was here last week and made friends of visiting fans, who will face Billy Veneable, a newcomer from Houston, Texas, who is of the same type wrestler as is Smith. Two out of three falls in a 90 minute time limit is the go.

In the boxing event, Stinson has five Murray Negro youths in a battle royal with winner take all. And it should prove interesting enough.

Dr. Smith who entertained last week with an acrobatic stunt with a little Miss from his gymnastic school will bring some of his best talent for this week's performance.

There will be no change in admission for this feature program, Manager Stinson states.

Manager Stinson plans to make the amateur boxing a part of his weekly program and anyone desiring to enter is asked to see him on Mondays and Thursday to enter the events. Anyone from Murray or surrounding towns in the county or the district may enter.

Fred Filbeck Is Association Head

Fred Filbeck, Benton, was moved up from vice-president to president of the West Kentucky Funeral directors at a meeting held in Paducah last Thursday. The Murray funeral directors related their positions. B. W. Churchill was re-elected secretary and treasurer and Boyd Gilbert was retained as a director. About fifty were present for the meeting.

Teachers re-elected were: Miss Margaret Graves, first grade; Miss Lucy Lee, second grade; Miss Kathleen Patterson, first and second grades; Miss Lula Holland and Miss Lula Clayton Beale, for the grades. Re-elected in the High School were: Ed Filbeck, principal; W. B. Moser, assistant; Ty Holland, coach; Miss Meslow Huie, Gordon Johnston, Mrs. Myra Weatherly, Miss Frances Sexton, Miss Hazel Tarry, Miss Dorothy Robertson, Mrs. Ben Grogan and Miss Marguerite Holcomb.

In Knott county, the goal has been set to have a purebred bull in every community, or at least 50 for the county before the end of 1936. A number of farmers are in the market for high-grade Hereford stock.

Spring and Tender, Loving
Memory Suggest:It Is Time to Erect a Fitting Memorial to Your
Departed Loved One

Now that winter has ebbed away and all the earth is covered with the blooming blossoms of the Springtime the thoughts of those left behind naturally turn to the blessed memories of those in the "lone couch of their everlasting sleep."

It is natural and proper for us to wish to commemorate in eternal marble, granite or stone the life and character of those who were of our own hearts.

As we have endeavored to point out before in messages to the public we look upon our business as somewhat different from the usual, day-by-day relations between buyer and seller. We realize and appreciate that erecting a memorial for a loved one is an act very close to the hearts of those living.

Because of these facts and because we realize that your friendship and good will is more valuable than all our material assets we want you to be pleased and we want it to be such a good job and such a good value that you will feel like recommending us to your friends. In short, we believe the best advertisement of all is a satisfied customer.

We select all the stone we use in person at the quarry—no "sight unseen" buying, no catalog buying and having something pushed off on us that we would not want a customer of ours to have.

We are extremely particular about the cutting of stone. We employ only the very highest skilled workmen, using the very best equipment that can be purchased anywhere at any price.

Our stone cutters are conscientious and just as anxious to please you as we are, for they take pride in their work and know that your approval and recommendation brings steady employment to them.

There may be some who do not understand just how reasonable an appropriate grave marker may be purchased. Many have been surprised to learn that a suitable marker may be purchased for as little as \$10. Prices range upward, but whether you buy a \$10 marker or a beautiful and massive receiving vault you will get an 100 cents for each dollar expended in quality, workmanship and service.

You may be interested in seeing the work of cutting stones and memorials of all kinds. We will be glad to have you call at any time at our plant on Depot street and see for yourself just how the work is done. We will be glad to explain the methods used by our workmen. And we would like to have you observe how careful and thorough they are that every operation be performed just as it should be.

And then we feel that the most important part of our business is SERVICE. We realize what a sadly overworked word SERVICE is, but we would like for you to give us an opportunity to demonstrate with you just what we mean by SERVICE.

For one thing, we endeavor to assist you in determining just what kind of a memorial you want without trying to lead you into something that you do not want. In other words, we try no high pressure salesmanship to work down certain stocks and do any other tricks of trade.

We realize that grave markers, monuments and memorials are not often purchased by any individual—probably not more than three or four times in a lifetime on the average. Consequently, the average purchaser is not thoroughly informed about the qualities of the various stones and other such matters that make a good value.

When you have made sacrifices in order to render deserved tribute to the memory and love of one dear to your heart, you are entitled to the utmost that can be had for your expenditure.

Our business is a permanent one just as the memorials we erect are permanent. If you have a loved one lying in an unmarked grave we will be glad to go into every detail with you regarding an appropriate and enduring monument. There is no obligation on your part.

Monuments are the grappling irons that bind one generation to another.—Joubert.

Memory is the treasury and guardian of all things.—Cicero.

There is a voice from the tomb sweeter than song; there is a remembrance of the dead to which we turn even from the charms of the living. These we would not exchange for the song of pleasure or the bursts of revelry.—Washington Irving.

The life of the dead is placed in the memory of the living.—Cicero.

Tombs are the clothes of the dead; a grave is but a plain suit, and a rich monument is one embroidered.—Thomas Fuller.

Coach Stewart Pleased With Football Squad At Murray

Declaring that the present spring practice is the best since the spring of 1933—the same year of the SIAA championship. Head Coach Roy Stewart today stated that he was well pleased with the way the gridders had performed in practice thus far. "For the first time in three years the blockers are mowing down the secondary," he stated. "And when a team does that, they are going places."

In referring to Edwin "Hawg" Gunter, 215 pounder from Paducah, he said "Gunter has shown more improvement than any player, playing in a new position, that I have worked with in three years." It will be remembered that "Hawg" was shifted from center to guard because of the graduation of a pair of senior guards and the small number of gridders out for that position.

Elmer Cochran, another Paducahan and also a guard, came in for some praise from the coach, who stated "Elmer has improved 100 per cent over last season, and is one of the best guards out for football this year." Cochran, a sophomore, was among the first four players who were dismissed from practice because of their excellent standing. Land, Cook, and Wright, being the other three.

"We have some excellent backfield material on hand and should get somewhere in a pile of senior guards and the small number of gridders out for that position."

Three Owensboro boys, Jim Allison, an end; Bill Thompson, a back; and Dennis Horlander, a guard, are "looking good" in practice sessions, and will have a lot to say about the picking of a starting eleven next fall. Allison and Thompson, both sophomores and each a veteran of last fall, will be a big help to the "Breds in the coming campaign. Horlander, a freshman, has been "going like a house afire" and will help in the line. Thompson, because of his speed, can be used at any position in the backfield.

Frank Jones, Mayfield, if looks mean anything—will be a starter at an end position next fall. Jones, strong, fast, and brainy, who along with Allison has been playing some "real" football, has also helped

to remove a few wrinkles from the coaches' brows regarding the terminal positions.

Of the veterans: Capt. Henderson, all-capt. Miller, Curran, Gunter, Organ, Fowler, Hardin, Cook, Land, Wright, Snyder, Neese, Tolson, Yarbrough, Herndon, and Kiefer, too much cannot be said, as all of these players have been working hard and each has been showing up well.

Judge J. W. Hamrick to be tried for wrongful conversion criminal court docket nearing close.

Yarbrough looms as football star. Wells' Overbey is admitted to bar.

Bud Hawkins to open show. Football opening postponed a week.

Teachers pay act held invalid. Funerals: Mrs. Bob Laspier, John W. Robbins, Mrs. Lucy Willoughby, Mrs. Nancy Fiser.

Grand jury attacks judge and jail. Richard Mills goes to state spelling bee.

Whistling in Dark to be presented at college. Marriage of Alberta Churchill and Everett Jones.

Boyd Gilbert ends year as head of funeral directors of section. Communion urged to treat wells for health conditions.

Callaway County Futures Farmers organize. Pool sets May 3 as closing date.

Mrs. Hall Hood made chairman of music department.

V. E. WINDSOR PROMOTED. Virgil E. Windsor has been notified by the Post Office Department at Washington, D. C. of his promotion in the Railway Service from grade 5.10 grade 6. He will be in charge of the postal cars in the trains on which he runs, and will be responsible for the working of his crew.

FRESHMEN WILL PRESENT 4 PLAYS

Class to Sponsor Outstanding Performances in Varied Play Collection.

Dr. G. Turner Hicks, sponsor of the freshman class, announced this week that the class will present its plays April 30.

Practice on the four 1-act plays has been under way for three weeks. The first play to be presented, "Object-Matrimony", is an uproarious comedy, with a variety of well-rounded parts. Letcher Melton and Jeanne Covington promise to give outstanding performances in this laugh-a-second provoker.

"Honor", the next to be presented, is probably the most dramatic of any of the plays the college has ever presented. It is a powerful drama of a woman's "LaVerne Callo", passion, and her love for her son (James Hunt).

"Bound To Come", the third of the series, deals with a modern take-off on the faculty and student body of Murray College. In this comedy you will see numerous faculty and student body members impersonated in "top" style. Berna Driver, Marion, Edd Kellow, Hardin, Charlotte Jordan and Robby Nellie Myers, Lynn Grove, will give the teachers and students "their just desserts".

"A Japanese Tea Party", the last of the plays, is one of those colorful, tantalizing morsels, with good music, lovely girls, and excellent dancing. There will be a play within a play in this presentation, when "The Stolen Prince" is given in this delightful piece of entertainment.

RABBI RAUCH TO GIVE MSC ADDRESS

Dr. David Ausmus, Mayfield, to Give Baccalaureate Sermon.

Rabbi Joseph Rauch, Temple Adath Israel, Louisville, Ky., will deliver the commencement address in the Murray College auditorium on Tuesday, May 26, at 10 a. m.

Dr. David Ausmus, pastor of the First Presbyterian Church of Mayfield, Ky., will deliver the baccalaureate address on Sunday, May 24, at 3 p. m.

Final examinations for all students except seniors will begin Wednesday morning, May 27, at 7:30 o'clock and continue until noon Friday, May 29.

Dr. J. H. Richmond, Murray president, will preside, and will confer degrees on Murray's graduates. This will mark the first time degrees have ever been conferred at Murray by Dr. Richmond.

Tobacco Tax Killed by Vote

FRANKFORT, Ky., April 15.—Tobacco tax opponents asserted here by the hundreds from all over the state saw the House of Representatives reject Governor Chandler's tobacco sales tax bill today.

Spurred on by applause from a gallery packed with demonstrators carrying anti-tobacco tax banners, foes of the last levy prevailed on each of half a dozen roll-calls before dealing the Governor's \$1,500,000 revenue bill a vital blow by adopting an adverse committee report.

Administration leaders failed at every turn to delay the defeat that appeared inevitable at the start of the session. A motion for a recess after a committee of the whole hearing lost, 54 to 28, and a motion to adjourn until tomorrow lost, 56 to 26, before the minority report was adopted, 61 to 23, and adjournment until Saturday approved, 46 to 37.

Callaway Representative Ben Grogan voted for the minority report in the house to kill the tax on cigarettes and tobacco.

Rapid Work On Health Building

Despite the fact that weather conditions have hindered rapid work on the new \$248,000 health building under construction at Murray State College, the excavation work has been practically completed and the foundation forms are almost finished.

As far as students are concerned, one of the main features of the building is the indoor swimming pool, to be 90 feet long and 36 feet wide, second in size only to that of Louisiana State University among the schools of the South.

The swimming pool and the physical education classes.

Women's gymnasium will be located on the ground floor. On the second floor will be the men's gym, while rooms for boxing, wrestling, and handball will be found on third floor. Also in the building will be offices for instructors and coaches, and classrooms for all health, hygiene, and physical education classes.

THE PUBLIC VOICE

Contributions to this Column Upon Topics of Interest Are Always Welcome. They Do Not Necessarily Express the Views of this Newspaper.

The Kentucky Children's Home Society, Lyndon, Ky., in its work of placing homeless children in foster homes, needs the help of the good people of this community. Many lonely children under the care of the Society are anxiously waiting for homes. Many of them have passed through tragedies too dark to relate and are unspeakably lonely. It may be possible for them to have shelter and food and splendid training in the institution but they need more than this. Their hearts cry out for a real place in a family circle where they may have a feeling of belonging to someone who cares.

Homes are needed especially for older boys and girls ranging in ages from 7 to 14 years. For boys of this age it is felt that a small town or a country home is much better than the environments of the larger cities. Many of the boys are looking for a home in a town where they can go to school and High School, where they can work in a store, or do chores and odd jobs to help take care of their minor expenses.

Other boys need homes in the country where they can help with the farm work on Saturdays and during vacation.

But the main thing is to find a home with foster parents who will give them some real love and kindness but firm training.

George, 12, is especially anxious to find a home. He is one of a large family and all his brothers and sisters now have homes of their own. He wants a daddy and mother too. He has so much affection and loyalty to give them.

He is a good boy, honest and straightforward, with a good sense of humor. He is intelligent and shows traits of definite leadership ability.

Bertie Lee, 8, longs for someone to take her into loving arms and

help blot from her memory the tragedy of her life—help her to forget last Christmas day when her father, brother, sister and brother-in-law were drowned while attempting to cross the river in a boat, her mother having died a year ago.

Boys and girls can only grow up once, so think of these little ones in terms of those dear and near to you. Share your home with a child who has been left alone through no fault of his. "Some other time" may mean "Never" in the life of a homeless child.

Communicate with the Kentucky Children's Home Society, Lyndon, Ky., if you are interested in giving a boy or a girl a home. Visit the Home. Every day is visiting day.

WANTS HIGH WATER MARKS. People near the Tennessee river should make many high water marks on outer edges of the over-floor as well as low lands, so that when the dam elevations is established it will be easier to determine effect of the overflow by interested land owners.

LASSITER RE-ELECTED

HICKMAN, Ky., April 11—Clyde Lassiter, for the past two years superintendent of Fulton county schools, was re-elected for another term by the county board of education, and teachers were named in all but two white schools in the county.

Mr. Lassiter is the son of Mr. and Mrs. Albert Lassiter, Murray.

Paris-Hazel Highway
Snarl Is Untangled

Snarls which threatened to throw the proposed Paris-Hazel highway into a maze have been worked out satisfactorily following a hundred per cent sign-up of residents in the Porter Court suburb, giving the county a 42-foot right-of-way through that section. The petition was presented to the county court—Monday—and which will be used in securing additional land for the road along the proposed route through the northern part of the county to the lands of H. J. Paschall near Puryear.—Paris Parisian.

District P.T.A. News

The Brown Hotel, Louisville, is headquarters for the State P.T.A. meeting, April 20-23. The program has been built around the theme, "The Home Accepts Its Responsibility." The State officers will be present and conduct a profitable meeting. The National organization lends to us their first vice-president, Mrs. J. K. Pettigill, and their National membership chairman, Miss Mary England. National representatives are always a great inspiration, coming with their broad realization and perspective of the work. Mrs. Pettigill was with us in the Lexington Convention in 1934, and is well loved in the State. Other speakers of ability are Dr. Henry N. Sherwood, Dr. Roscoe G. Stott, Dr. Ray O. Wyland, Mr. Frederick A. Wallis, and Dr. Chas. J. Turck.

Local units should make every effort to send to this yearly State meeting the president and as many delegates as possible. The inspiration obtained in these contacts is clearly discernible in the program of the coming year. This is an expenditure that really pays dividends. Be sure your president and delegates have their credentials.

Funeral services for Joe Farris, 74 years of age, were held Friday afternoon from the Locust Grove church. The Rev. L. V. Henson was in charge of the services and burial was in the church cemetery.

Mr. Farris died at his home on the Murray-Buchanan road Thursday night following an illness of ten days. Death was attributed to paralysis. He had been a resident of the same neighborhood for about 40 years and was well known and respected by many. He was a member of the Locust Grove Baptist church.

Surviving are a son Melvin Farris, a brother Bob Farris, Henry County, Tenn., and a sister, Mrs. Wannie Alexander, who made her home with him.

Kirksey Kinklets

Well, Easter has come and gone. It was fairly a nice day but before that we had some awful cold, disagreeable weather. On the Sunday night before Easter at about 8 o'clock, we had a hard rain and all at once a terrible roaring and inside of one minute the hail began to fall in large chunks, as big as a hen egg and it pelted the house tops for two or three minutes or more and the result was that the house tops were almost ruined with holes. Where the hail hit the roof it left a streak some one-half inch in width.

The road north of Kirksey is in bad shape and almost impassable in some places and the culverts are giving away. Wonder if someone won't look after this soon?

Card For Thursday

Promotor Gayle Stinson has a unique and interesting card for Thursday at the Murray Athletic Arena with three events all different. A wrestling match, a Negro battle royal with gloves and an acrobatic event.

In the wrestling event Stinson has Dr. Smith, who was here last week and made friends of visiting fans, who will face Billy Veneable, a newcomer from Houston, Texas, who is of the same type wrestler as Dr. Smith. Two out of three falls in a 90 minute time limit is the go.

In the boxing event, Stinson has five Murray Negro youths in a battle royal with winner take all. And it should prove interesting enough.

Dr. Smith who entertained last week with an acrobatic stunt with a little Miss from his gymnastic school will bring some of his best talent for this week's performance. There will be no change in admission for this feature program, Manager Stinson states.

Manager Stinson plans to make the amateur boxing a part of his weekly program and anyone desiring to enter is asked to see him on Mondays and Thursday to enter the events. Anyone from Murray or surrounding towns in the county or the district may enter.

Fred Filbeck, Benton, was moved up from vice-president to president of the West Kentucky Funeral directors at a meeting held in Paducah last Thursday. The Murray funeral directors retained their positions. B. W. Churchill was re-elected secretary and treasurer and Boyd Gilbert was retained as a director. About fifty were present for the meeting.

Changes Made in Personnel
at Board Meet; Tax
Levy Set

The teachers for the Murray schools for the coming year were named at a meeting of the City Board of Education last Friday night. Several changes were made in the personnel and the tax levy was set as the same as last year with 95 cents general property tax; 20 cents to sinking fund and \$2 poll tax.

No elections were held for the colored school due to the fact that recommendations were not complete and the board is also contemplating a teacher for special music for commencement occasions.

Among the new teachers are Everett Crane, who will teach voice, hand and orchestra; John W. Overbey, commercial work; Crane is a student of Murray State College at present and only this month received signal honors in music. He and Mrs. Crane have apartments with Mr. and Mrs. Buron Overbey. Mrs. Ralph Churchill was also added to the High School staff. Miss Mary Lou Outland was named for the fifth grade and Mrs. B. H. Crawford was elected teacher of the third grade.

Teachers re-elected were: Miss Margaret Graves, first grade; Miss Lucy Lee, second grade; Miss Kathleen Patterson, first and second grades; Miss Lula Holland and Miss Lula Clayton, Benton, for the grades. Re-elected in the High School were: Ed Filbeck, principal; W. B. Moser, assistant; Ty Holland, coach; Miss Mea-Low Huie, Gordon Johnston, Mrs. Myra Weatherly, Miss Frances Sexton, Miss Hazel Tarry, Miss Dorothy Robertson, Mrs. Ben Grogan and Miss Marguerite Holcomb.

Spring and Tender, Loving
Memory Suggest:It Is Time to Erect a Fitting Memorial to Your
Departed Loved One

Now that winter has ebbed away and all the earth is covered with the blooming blossoms of the Springtime the thoughts of those left behind naturally turn to the blessed memories of those in the "lone couch of their everlasting sleep."

It is natural and proper for us to wish to commemorate in eternal marble, granite or stone the life and character of those who were of our own hearts.

As we have endeavored to point out before in messages to the public we look upon our business as somewhat different from the usual, day-by-day relations between buyer and seller. We realize and appreciate that erecting a memorial for a loved one is an act very close to the hearts of those living.

Because of these facts and because we realize that your friendship and good will is more valuable than all our material assets we want you to be pleased and we want it to be such a good job and such a good value that you will feel like recommending us to your friends. In short, we believe the best advertisement of all is a satisfied customer.

We select all the stone we use in person at the quarry—no "sight unseen" buying, no catalog buying and having something pushed off on us that we would not want a customer of ours to have.

We are extremely particular about the cutting of stone. We employ only the very highest skilled workmen, using the very best equipment that can be purchased anywhere at any price.

Our stone cutters are conscientious and just as anxious to please you as we are, for they take pride in their work and know that your approval and recommendation brings steady employment to them.

There may be some who do not understand just how reasonable an appropriate grave marker may be purchased. Many have been surprised to learn that a suitable marker may be purchased for as little as \$10. Prices range upward, but whether you buy a \$10 marker or a beautiful and massive receiving vault you will get an 100 cents for each dollar expended in quality, workmanship and service.

Just About Ourselves

Again we beg our readers' indulgence to have a little space to talk about ourselves. The end of The Ledger & Times annual circulation drive finds us with the largest circulation in our history and by far the largest circulation in the county of any newspaper ever published here.

The new tabulated circulation statement of The Ledger & Times, published in this edition, contains some interesting information that we trust we may be pardoned for disclosing.

We want every reader, as well as every advertiser to pursue this detailed, sworn circulation statement very carefully.

This statement is an actual count of the mailing list and we would be glad to have any person come in and verify this count for himself. We will be glad to have you come in and check over the actual mailing list used in addressing the papers without any interference on our part.

In the seven years that we have published this little paper we have sincerely and conscientiously tried

to put material into it that will be of general and special interest to the people of Calloway county without prejudice toward any person or thing. We have not tried particularly to publish the kind of paper that we might most enjoy but one that we believed, according to our honest but feeble judgment, that the greater majority of our readers would most genuinely appreciate.

It is worth very little to state a newspaper's aims and policies. A newspaper, like a person, is judged by how it conducts itself and not by what it says or claims. We are willing to let each edition speak for itself and our record as a whole stand as our only witness before our only judges—the people of Calloway county.

We appreciate as much as anyone that mere volume of circulation is not enough. It's not only important how many copies of a newspaper are circulated but how thoroughly those copies are read and how genuinely they are believed after they are read. So it has been our endeavor not only to obtain a large circulation newspaper but also to make it a good newspaper, an interesting newspaper and, above all, an honest

newspaper. Again we are willing to abide by your decisions on these matters.

It is not a difficult thing to attain a large circulation if one is not too scrupulous about the methods used. But it is a heavy task to keep a large circulation after you get it and consequently we are frankly pleased that the circulation of The Ledger & Times in Calloway county has shown a steady and healthy growth ever since we have tried to operate it. A great portion of The Ledger & Times subscription list is paid in advance and the great preponderant majority of it is paid to the point where it is counted bona-fide circulation by the strictest rules of every organization which checks newspaper circulation lists. We will be glad to show anyone the tabulation of expiration dates of the entire subscription list of this paper.

At the present time, The Ledger & Times has more than 100 subscribers each on seven of the 17 rural routes in the county. It must be remembered that several of the routes are short and have barely 100 boxes each. This is an increase of two over last year. Murray Route 6 and Hazel Route 1 went over the 100 mark in the past few days. Of course, Murray Route 1 remains the big boy with 183, a net increase of 3 over a year ago and Murray Route 4 is second with 145 subscribers out of the 190 boxes on that route.

The city of Murray and college addition have gone over the 600 mark with 613.

After a slow but steady gain for the past two or three years Hazel Route 1 passed the century mark with 103. That is a net gain of six over a year ago.

We have printed a number of copies of this circulation statement which shows not only the number of subscribers in each town and on each rural route but also the number of homes in the towns and the number of boxes on each route so that one can check the percentage of newspaper readers.

We tell you these facts about our circulation not in a spirit of bragging but to lay the plain facts before you as to just what we have to sell to the advertiser in the way of readers and reader-interest. Naturally we are proud of the paper's large circulation, and the way it is growing—we would not be human if we weren't.

We have never believed that a newspaper wields a powerful persuasion over its readers but that it does have some influence no one will deny. We take seriously our responsibilities to publish a clean, friendly, neighborly paper

and, as always before and hereafter, we solicit your generous assistance in every way in helping us make it a better newspaper. There has never yet been anything that couldn't be improved upon and we fully appreciate that that is true of The Ledger & Times.

Edwin J. Paxton Returns

Never have we welcomed a newspaper man returning to his love with more fervor and cordiality than we extend to Edwin J. Paxton as he comes back to active newspaper work as publisher of The Paducah Sun-Democrat.

There is a personal reason for this beyond my sincere appreciation of Ed Paxton as a gentleman, honorable and true. The first newspaper job I ever had was under him when he so ably edited and published the Paducah Evening Sun which later absorbed the Sun-Democrat under his direction.

Shortly after that Mr. Paxton retired and though he has lived most of the time since 1929 in Florida he has never lost one iota of his deep and unselfish interest in Paducah and the territory that surrounds the metropolis of this section.

Never was a raw cub on a newspaper treated with any more courtesy and consideration than was I as the baby member of the Evening Sun staff in 1921. Never was Mr. Paxton other than kind, courteous and considerate of me, painfully coaching me in the rudiments of newspaper work with rare patience and skill.

Edd Paxton is my friend. I know it because he has proved it so. I think I feel as much elation at his return as any member of the Sun-Democrat staff.

John T. Ross, another of the "old boys" on Mr. Paxton's Evening Sun and at present a staff member of The Sun-Democrat has written the paper's welcome to Mr. Paxton. It is so appropriate and accurately expressed my own sentiments that I reproduce it here.

THE SUN-DEMOCRAT WELCOMES MR. PAXTON "BACK HOME"

It is an old adage that one never ceases to love newspaper work, once it is chosen as a career. When Edwin J. Paxton, Sr., retired from active duty as an editor and publisher, his heart remained where it always was—in the newspaper he helped to create, and which he so ably guided over a long period of years.

Now that he is back in the "game" again, Mr. Paxton picks up the task where he laid it down, but he finds a bigger newspaper, a greater Paducah in which to labor. This city and its people are fortunate indeed that he has decided to come back and work again in the town he cherishes. Although a semi-citizen of Florida for a number of years, Mr. Paxton is still a newspaper man. Nothing could ever change that.

In my humble way I should like to take this opportunity of telling Mr. Paxton how genuinely glad we all are that he is back again. No newspaper worker ever labored for a finer man. He is true blue. There are in the ranks of The Sun-Democrat force several older men than this writer, but I believe I voice the unanimous opinion of the staff, old and young, male and female, when I say that we are extremely happy to welcome Mr. Paxton back into the fold. In the 20 years that I have worked for his paper I have had time to know the fine, rare qualities which make him an outstanding man.

Mr. Paxton does not have to be told that he will receive complete

NOTICE OF DISSOLUTION FRAZEE, BERRY & MELUGIN

Notice is hereby given to the public that the partnership of Frazee, Berry & Melugin has been dissolved, the dissolution being effective as of April 1, 1936.

K. C. Frazee and Hugh Melugin have formed a new partnership which will be known as Frazee & Melugin, and have taken over all of the ordinary fire and casualty business of the old firm. They will continue to do business at the old offices of Frazee, Berry & Melugin. J. Murray, Kentucky.

Thanks a lot for the notice of my subscription expiring. I feel that I can get along without my home paper.

Even though I have been away from Murray many years, I still have a keen interest in Murray and Calloway County affairs, and by taking the paper I keep in

close contact with things.

I generally receive your paper on Sunday morning, and it is just like a letter from home. I stop everything and read from cover to cover. Many times I am made very sad to read of the death of very good friends, but they have to come and when they do we always want to know about it, therefore the paper gives me the desired information.

Thanking you again for your many favors, I am
Your friend,

HOW ABOUT THE COST?

Study Cost Before Choosing Your REFRIGERATION!

TO KNOW what a refrigerator costs, a careful buyer will consider ALL of the items that enter in. First is —

Your Investment

You buy no mechanical equipment when you choose an air-conditioned Modern Ice Refrigerator. You pay from one-half to two-thirds LESS than those who do.

Interest on your investment is likewise only one-third to one-half what it might otherwise be. No interest is charged on your time payments—which means another saving.

Depreciation (loss of value due to wear and obsolescence) is divided out over a period of twenty years' service instead of five or ten.

Saving in Food

Air-conditioned refrigeration means less waste in your kitchen because it saves things you would otherwise lose—not only because of actual spoilage, but because they have lost their freshness and flavor.

Since you buy more storage space per dollar in a Modern Ice Refrigerator, you can buy food in large quantities, especially when there are bargains, and the cold washed air will keep your purchases fresh and appetizing.

Operating Expense

Modern Ice Refrigerators, using ice in an entirely new way, need re-icing only once or twice a week in summer, even less in winter; the cost of operation is at a minimum.

There is no upkeep. Modern Ice Refrigerators have no moving parts to wear out, require no repairs, no units to be replaced.

There are no hurry calls or extra trips for ice—your Modern Ice Refrigerator affords an ample supply at all hours, day or night.

HERE IS WHAT WE SAY ABOUT COSTS, and WE BACK IT UP

We say Ice Refrigeration is cheaper and offer you a WRITTEN CONTRACT to supply you with Ice Refrigeration cheaper than you can own and operate on electrical box.

We will sell you a Modern Ice Refrigerator without interest or carrying charge for as low as ONE DOLLAR PER WEEK.

WARREN PAINTS

Government FHA Plan Makes Protecting Your Property Easy

THREE YEARS TO PAY

Don't put it off to another season. Save yourself needless repair costs by protecting your property with long lasting quality paints such as the famous Warren products. When paint is needed on your home, barns, floors, or farm machinery, you pay for it whether you put it on or off. The destructive forces of sun, rain, snow, wind, and sleet are always at work. A needed painting job, put off until next fall, will cost at least 25 per cent more because of the damage which will be done within those months. Under the Federal Housing Act you need not have ready cash to paint now. You not only have three years to pay, but you can meet the entire cost by small easy monthly payments or pay when your crop is made and sold. Ford - FOR ECONOMY

"The Ford V-8 uses less fuel and oil for the power it gives than any other car we have ever made

AND ITS UP-KEEP COST IS THE LOWEST"

ENTHUSIASTIC sales talk often begins and ends with gasoline mileage. Some salesmen would like you to believe it is the whole story of automobile economy. But drivers ought to know better. For the fact is, it's way down the list. The big items of car economy are low first cost, low up-keep cost and low depreciation. Savings here can make a great deal of difference in cost per mile. Gasoline mileage is more of a talking point than an economy factor.

Check up and you will find that the difference between 17 and 19 miles a

gallon is less than \$10 for a whole year's average driving (3400 miles at 18 cents a gallon). Here are the big items that make the Ford the most economical car:
More value for every dollar you pay.
Lower cost for repairs and service.
Long life. Slow depreciation.
Quality means economy and the 1936 Ford V-8 gives you more real quality than any other low-price car. No other car under \$1645 has a V-8 engine. No other low-price car has Center-Poise Riding, safe, sure mechanical brakes and Safety Glass all-around at no extra cost.

A lot of folks are kicking like a bay steer at Governor Chandler and his gang for putting heavy tax on whiskey and cigarettes. It don't bother me a frazzlin' bit, never did use the "abominable" stuff—don't you all wish you was me?

Milton Browder of Mayfield and Luther Pogue going 40 miles an hour overtook me and a gray dog, auto horn was loud as two-claps of thunder. Hard to tell which jumped the highest me or the pup. All four of us "died off" laughing. When you hear a woman sing a solo (mean screech owl) sign of bad weather.

He will next sell all of property as a whole, and will accept the highest and best bid.

For the purchase price the purchaser must execute bond, with approved securities, bearing legal interest from the day of sale until paid, and having the force and effect of a judgment. Bidders will be prepared to comply promptly with these terms.—George S. Hart, Master Commissioner.

Presbyterian Church at Oak Grove to which he lived for a short time. In following years he wandered away from the faith and Church.

About three years ago he repented of his error and united with the Methodist Church at Russell's Chapel, to which he lived faithful till death. He attended church regularly as long as he was able but had been unable to attend services for the past two years on account of illness.

During all his illness and suffering he never forgot to praise God, and had said only a few days fore his death, that he was leaving loved ones here to mourn his death, but there were loved ones There waiting for him.

He will be sadly missed by all who knew him. But God knew best and has taken him out of his suffering.

"Mourn not loved ones,
And do not weep.
He is not dead.
Just gone to Sleep."

He is survived by his widow and aged mother; one sister, Mrs. Nona Green of the county; and five brothers, Brice Hughes, county, and Lonnie, Bascom and Condy Hughes of Tennessee, and Ezra Hughes of Pennsylvania, an de host of nieces, nephews and other relatives.

CARD OF THANKS

I wish to express thanks for the kindness and sympathy extended me during the illness and death of my husband, Thomas Odie Hughes.

Fire Strikes Two Homes Sunday

Easter Sunday saw two fires in Murray, the first destroying the home of Mrs. J. T. Wall on West Poplar street. The fire was well under way before being discovered and the home and belongings were practically a loss. The fire started from an oil heater.

The home of Clyde Downs at Fifth and Poplar was badly damaged and greatly by water. The fire was thought to have caught from electrical wiring. It was discovered early and firemen soon had hose lines in play.
